The North Fork Alliance

strives to reduce substance abuse among local youth and build awareness in the community among parents/guardians regarding substance abuse issues in the North Fork community.

The North Fork Alliance collaborates with individuals and groups from the community in the following ways:

1. Identifying and communicating information regarding substance use among youth growing up in the North Fork.
2. Establishing and strengthening partnership among parents/guardians, youth, private and public organizations, local government and law enforcement by addressing the factors in the community that increase the risk of substance use.
3. Educating, advocating and supporting locally-based community initiatives to reduce the risk of substance use.
